Summary
Backend engineer focused on reliable services.
Skills: Python, TypeScript, PostgreSQL, Docker
Experience
Company1 Ltd - Engineer 1 (Jan 2011 - Dec 2012)
Built service number 1 handling payments and reporting for customers across regi
ons
Reduced latency of component 1 by profiling queries and adding indexes
Detail line 1-1 describing responsibilities in the team
Detail line 1-2 describing responsibilities in the team
Detail line 1-3 describing responsibilities in the team
Detail line 1-4 describing responsibilities in the team
Detail line 1-5 describing responsibilities in the team
Company2 Ltd - Engineer 2 (Jan 2012 - Dec 2013)
Built service number 2 handling payments and reporting for customers across regi
ons
Reduced latency of component 2 by profiling queries and adding indexes
Detail line 2-1 describing responsibilities in the team
Detail line 2-2 describing responsibilities in the team
Detail line 2-3 describing responsibilities in the team
Detail line 2-4 describing responsibilities in the team
Detail line 2-5 describing responsibilities in the team
Company3 Ltd - Engineer 3 (Jan 2013 - Dec 2014)
Built service number 3 handling payments and reporting for customers across regi
ons
Reduced latency of component 3 by profiling queries and adding indexes
Detail line 3-1 describing responsibilities in the team
Detail line 3-2 describing responsibilities in the team
Detail line 3-3 describing responsibilities in the team
Detail line 3-4 describing responsibilities in the team
Detail line 3-5 describing responsibilities in the team
Company4 Ltd - Engineer 4 (Jan 2014 - Dec 2015)
Built service number 4 handling payments and reporting for customers across regi
ons
Reduced latency of component 4 by profiling queries and adding indexes
Detail line 4-1 describing responsibilities in the team
Detail line 4-2 describing responsibilities in the team
Detail line 4-3 describing responsibilities in the team
Detail line 4-4 describing responsibilities in the team
Detail line 4-5 describing responsibilities in the team
Company5 Ltd - Engineer 5 (Jan 2015 - Dec 2016)
Built service number 5 handling payments and reporting for customers across regi
ons
Reduced latency of component 5 by profiling queries and adding indexes
Detail line 5-1 describing responsibilities in the team
Detail line 5-2 describing responsibilities in the team
Detail line 5-3 describing responsibilities in the team
Detail line 5-4 describing responsibilities in the team
Detail line 5-5 describing responsibilities in the team
Company6 Ltd - Engineer 6 (Jan 2016 - Dec 2017)
Built service number 6 handling payments and reporting for customers across regi
ons
Reduced latency of component 6 by profiling queries and adding indexes
Detail line 6-1 describing responsibilities in the team
Detail line 6-2 describing responsibilities in the team
Detail line 6-3 describing responsibilities in the team
Detail line 6-4 describing responsibilities in the team
Detail line 6-5 describing responsibilities in the team

Company7 Ltd - Engineer 7 (Jan 2017 - Dec 2018)
Built service number 7 handling payments and reporting for customers across regions
Reduced latency of component 7 by profiling queries and adding indexes
Detail line 7-1 describing responsibilities in the team
Detail line 7-2 describing responsibilities in the team
Detail line 7-3 describing responsibilities in the team
Detail line 7-4 describing responsibilities in the team
Detail line 7-5 describing responsibilities in the team
Company8 Ltd - Engineer 8 (Jan 2018 - Dec 2019)
Built service number 8 handling payments and reporting for customers across regions
Reduced latency of component 8 by profiling queries and adding indexes
Detail line 8-1 describing responsibilities in the team
Detail line 8-2 describing responsibilities in the team
Detail line 8-3 describing responsibilities in the team
Detail line 8-4 describing responsibilities in the team
Detail line 8-5 describing responsibilities in the team
Projects
Link Shortener - Side project (2023)
See https://example.com/shortener for the demo and https://code.example.com/example-user/shortener for code
Education
B.Tech Computer Science, Example University, Grade: 8.1/10
Certifications
Example Cloud Practitioner
